Electronic Case Files System User's Manual

Getting Started

Introduction

This manual provides instructions on how to use the Electronic Filing System to file documents with the court, or to view and retrieve docket sheets and documents for all cases assigned to this system. Users should have a working knowledge of word processing, web browsers, file management and Adobe Acrobat.

TRAINER NOTE:

This is the time the helpdesk is open. If customers file after 5:00 p.m. and experience difficulties the court cannot assist. It is recommended filings occur during regular business hours if you expect to need court assistance.

Help Desk

Contact the Court's Help Desk between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, if you need assistance using ECF.

Access to ECF Information and Resources

For up-to-date information on ECF, visit the U.S. District Court web site at:

www.mnd.uscourts.gov

- View or download the most recent version of the User's and Procedural Manuals
- Self-train on a web-based ECF Tutorial
- Practice entering pleadings into ECF using a "training" database that is similar to the official live ECF database
- Review Frequently Asked Questions (FAQs) page
- View CM/ECF Introductory video

ECF System Capabilities

The electronic filing system allows registered participants with Internet accounts and web browsing software to perform the following functions:

- Electronically file pleadings and documents in actual ("live") cases
- View official docket sheets and documents associated with cases
- View various reports for cases that were filed electronically

Requirements

Hardware and Software Requirements

The hardware and software needed to electronically file, view and retrieve case documents are the following:

**TRAINER
NOTE:**

The court cannot recommend what PDF software to purchase. The website and this manual have some options. Other web browsers such as AOL, mozilla, and etc. can be used, but these are the certified browsers.

- A personal computer running a standard platform such as Windows or Macintosh.
- A PDF-compatible word processor like Macintosh or Windows-based versions of WordPerfect or Word.
- An Internet Service provider.
- Netscape Navigator version 4.6 or 4.7,(Netscape 6 is not recommended for use with CM/ECF,) or Internet Explorer 5.5 or 6.0. Netscape Version 7 is currently being tested to certify compatibility. Some users have had positive results with these versions.
- Software, such as Adobe Acrobat Writer or pdfFactory, to convert documents from a word processor format to portable document format (PDF).
- Adobe Acrobat Reader, which is available for free, is needed for viewing PDF documents.
- A scanner to transmit documents that are not in your word processing system. **Note: This would only be used for documents that cannot be produced electronically. Scanned documents lessen the level of service we provide by slowing down the entire system. We are moving away from the utilization of scanned documents internally and are asking you to do the same whenever possible.**

**TRAINER
NOTE:**

If you must scan, please, if possible, make the doc. searchable.

PACER Registration

ECF users must have a PACER account with the Court in order to use the Query and Report features of the ECF system. If you do not have a PACER login, contact the PACER Service Center to establish an account. You may call the PACER Service Center at (800) 676-6856 or (210) 301-6440 for information or to register for an account. Also, you may register for PACER online at <http://pacer.psc.uscourts.gov>.

TRAINER NOTE:

Login into ECF as an attorney and show the difference between ECF and PACER use.

Registering for Access to ECF

TRAINER NOTE:

The current procedure is to call the court and we can set it up for you and send the login/password by e-mail. It will be an online registration form in the future.

Participants will need to register with the court to receive a login and password for the ECF system. Registration information is available on our web site at <http://www.mnd.uscourts.gov/cmecf>.

Once an account has been established, the Office of the Clerk will send your login and password to you by regular, first-class mail or by e-mail. Note this information must be sent directly to the attorney of record and not to support staff.

Registered users can visit a training version of the system on the Internet at <https://ecf-train.mnd.uscourts.gov> to practice ECF activities. We strongly recommend that registered users practice in the “training” ECF database before filing documents in the “live” ECF database.

Preparation

Setting Up the Acrobat PDF Reader

Users must set up Adobe’s Acrobat Reader software in order to view documents that have been electronically filed on the system. All pleadings must be filed in PDF format. When installing this product, please review and follow Adobe’s directions to utilize Acrobat Reader after installation.

Portable Document Format (PDF)

TRAINER NOTE:

You may demonstrate how a PDF document appears.

Only PDF (Portable Document Format) documents may be filed with the court using the ECF system. Before sending the file to the court, users should preview the PDF formatted document to ensure that it appears in its entirety and in the proper format.

How to View a PDF File

- Start the Adobe Acrobat program.
- Go to the **File** menu and choose **Open**.
- Click on the location and file name of the document to be viewed.
- If the designated location is correct, and the file is in PDF format, Adobe Acrobat Exchange loads the file and displays it on the screen.

TRAINER NOTE:

If you try and upload a non PDF you will receive an error message.

-
- If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.
 - Click on the *View* menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

How to Convert Documents to PDF Format

You must convert all of your documents to PDF format before submitting them to the Court's Electronic Case Filing (ECF) system. The conversion process requires special software such as Adobe Acrobat Writer or FinePrint pdfFactory. WordPerfect versions 9 and 10 have Acrobat Writer built-in and can also be used to convert documents to PDF. The District Court of MN does not care what software is used to convert the file. Other options besides Adobe Acrobat include using the features already available within your word processing software, or any of the following:

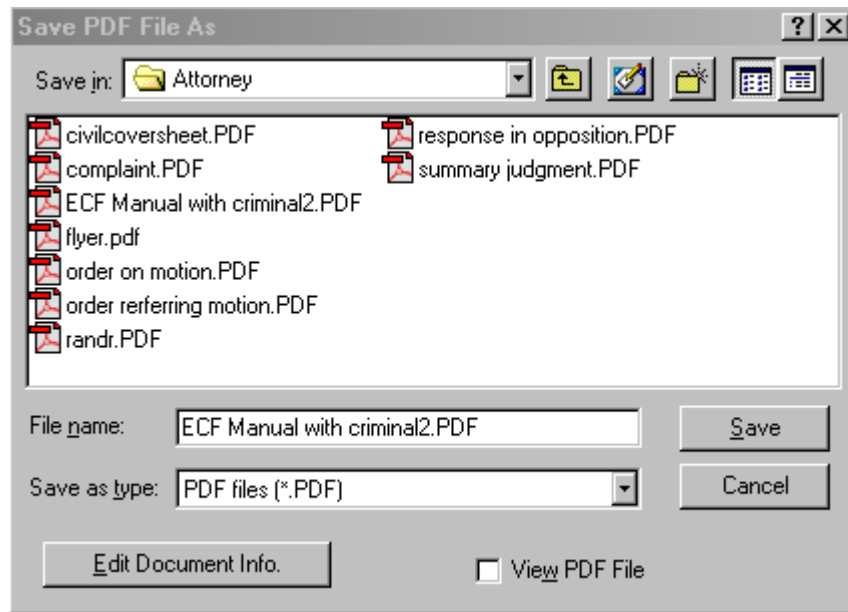

BCL easy PDF 3.1
eDocPrinter PDF Pro 5.58
eXPert PDF Pritner 2.0
FinePrint pdfFactory PRO 1.57
Jaws PDF Creator 3.0
LeadTools ePrint 3.0
1-Step RoboPDF 3.0 beta
pdf995 and pdfEdit 995
PDF-XChange 2.5
PowerPDF 2.0
602Pro Print Pack 2002
Win2PDF Pro

Using any word processing program convert the file to PDF by:

TRAINER NOTE:

Open the convert document in the attorney training folder. Discuss the date and signature block. Convert the file and then open it to view it. Save in the same folder.

- Installing Acrobat Writer, FinePrint pdfFactory, or any other software with the capability of converting documents to PDF on your computer.
- Open the document to be converted.
- Select the **[Print]** option (generally found in the File menu) and in the dialog box select the option to change the current printer. A drop down menu with a list of printer choices is displayed.
- Select **Adobe PDFWriter** or **FinePrint pdfFactory***

- “Print” the file. The file should not actually print out; instead the option to save the file as a PDF format file appears.
- Make a note of the file location so you can find the document later when you are ready to upload it. Change the location if necessary by clicking in the “Save in” area of the window.
- Name the file, giving it the extension “.PDF” and click the **[Save]** button.

Depending on the word processing program being used, it may be necessary to find the printer selection option elsewhere. At that point, change the printer to Adobe PDFWriter, and follow the directions above.

**You must have either Adobe Acrobat Writer or FinePrint pdfFactory installed on your computer to see these choices listed.*

Basics

User Interactions

There are three general types of user interactions allowed by the system:

TRAINER NOTE:

Web-friendly program. We compare it to shopping on the Internet.

- Entering information in data fields.
- Using command buttons to direct system activities.
- Mouse-clicking on hyperlinks.

Conventions used in this Manual:

- Data to be entered by the user is shown enclosed in angle brackets: <data to be entered>.
- Command buttons are represented in this manual in **[bracketed boldface type]**.
- Hyperlinks are represented in **underlined boldface type**.

Documents Filed In Error

A document incorrectly filed in a case may result from a) posting the wrong PDF file to a docket entry; b) selecting the wrong document type from the menu; or c) entering the wrong case number and not discovering the error before completing the transaction.

TRAINER NOTE:

The court is being pretty strict on its policy to make changes to the court record. Not altering the court record.

Generally, the U.S. District Court of Minnesota will be leaving incorrectly filed documents, in the correct case, on the ECF system. If the document was filed in the incorrect case and needs to be moved to the correct case, please use the phone number below to request a correction:

Toll Free Help Desk

1-866-325-4975

Please make the call as soon as possible after an error is discovered. You will need to provide the case and document numbers for the document requiring correction. If appropriate, the court will make an entry indicating that the document was filed in error. You will be advised if you need to re-file the document. The ECF system does not permit you to change the misfiled document(s) or incorrect docket entry after the transaction has been accepted.

User's Manual

TRAINER NOTE:

This will probably change a lot in the beginning. Check the last updated date.

You can download or view the most recent version of the ECF User's Manual (in PDF format) from the District Court's web page. Enter <http://www.mnd.uscourts.gov>, when the court's web page opens, click on the **Electronic Case Filing** hyperlink. Another helpful document to download is the ECF Procedures Guide. Having the latest copies of both of these documents on hand for reference will increase your success when e-filing in the ECF system.

A Step-By-Step Guide

Below is a step-by-step guide for accessing the ECF system, preparing a document for filing, filing a motion or application, and displaying a docket sheet. We suggest that you go through the steps on the training database before trying to actually file a document.

How to Access the System

Users can get into the system via the Internet by going to

<https://ecf.mnd.uscourts.gov>

Or, you may go to the District of Minnesota's Web site at www.mnd.uscourts.gov and click on the **Electronic Case Filing** hyperlink.

Click on **Live ECF Link** to open the login screen and login to ECF.

Users can access the **Training Database** by going to

<https://ecf-train.mnd.uscourts.gov>

TRAINER NOTE:

Linking Documents (Refer to existing event)

Some pleadings such as Briefs and Indexes should be “linked” to their related documents in the case. When filing these and certain other types of documents you will be presented with the following screen.

The screenshot shows the CM/ECF interface with a blue header bar containing the logo and the word 'Civil'. Below the header, the title 'Other Documents' is displayed. A checkbox labeled 'Refer to existing event(s)?' is present, followed by 'Next' and 'Clear' buttons.

An “event” in CM/ECF is anything that has been filed in a case. To link the document you are currently filing to a previously filed document, check the box in front of “**Refer to existing event(s)?**” and click [Next].

This screenshot shows the same CM/ECF interface, but with additional options for linking documents. Below the 'Other Documents' title, there is a prompt: 'Select the category to which your event relates.' This is followed by a list box labeled 'Type' containing the following items: adr, answer, appeal, appeal-cr, charge-cr, cja, cmp, detention-cr, and discov. Below the list box, there are two rows of input fields. The first row is labeled 'Filed' and the second row is labeled 'Documents'. Each row has two text boxes separated by the word 'to'. At the bottom, there are 'Next' and 'Clear' buttons.

This screen requires that you filter the list of documents in the case by the type of document that you want to link to. The type list appears in alphabetical order. Document types in this list are the same as the types listed in the main filing menu. For example, to link to a Brief, you would choose the type “Oth_Doc” because Brief appears in the

“Other Documents” section of the main menu. You must choose a type on this screen. You also have the option of entering filed dates or document numbers if you would like to further narrow your search.

Once you select the type of document and click **[Next]** you are presented with a list of documents that match your search criteria. For this example we have selected Motion as the type.

Query Feature

Registered participants should use this feature to query the Electronic Case Filing (ECF) system for specific case information. To enter the Query mode, click on **Query** from the **Blue** menu bar of ECF.

ECF opens the **PACER Login** screen. You must enter your **PACER** login and password before ECF permits you to query the ECF database.

Note: Your PACER login and password are different from your ECF login and password. You must have a PACER account in order to retrieve, view, and print certain documents.

After you enter your **PACER** login and password, ECF opens a Query data entry screen as depicted below. If you know the number that the Court has assigned to the case, enter it in the **Case Number** field and click on the **[Run Query]** button. ECF opens the query screen depicted on the next page.

The image shows the 'Query' screen of the ECF system. At the top is a blue menu bar with the 'ECF' logo and links for 'Civil', 'Criminal', 'Query', 'Reports', 'Utilities', and 'Logout', followed by a yellow question mark icon. Below the menu bar, the word 'Query' is written in large blue letters. The main area is a light yellow box containing search fields. It starts with 'Search Clues' in bold. Below this, there's a 'Case Number' field with '00-101' entered, followed by '(Examples: 99-500, 1:99cv500)' and a 'Def Number' field. Below these is the text 'or search by'. Then there are 'Filed Date' and 'Last Entry Date' fields, each with a 'to' field next to it. Below these is a 'Nature of Suit' dropdown menu showing '0 (zero)', '110 (Insurance)', and '120 (Contract: Marine)'. Below this is the text 'or search by'. Then there are 'Last Name', 'First Name', and 'Middle Name' fields. Below these is a 'Type' dropdown menu. At the bottom of the yellow box are two buttons: 'Run Query' and 'Clear'.

You may query the ECF database by the name of a party or an attorney to the case. Enter the last name of the party in the appropriate field. If more than one person with that name is in the database, ECF returns a screen from which to select the correct one. If you click on the name of the party, ECF will open the query screen depicted above. If the individual is a party to more than one case, ECF will open a screen listing all of the party's cases. Click on the case number hyperlink and ECF opens the query screen depicted in above.

To search for all cases of a certain type, use the date 1/1/1970 as the "beginning of time." When you run the query, if there is more than one case that meet those criteria, you will get a screen similar to the one above, but listing multiple case numbers.
